COMPREHENSIVE

TYRE SERVICES

ABOUT US

Zenzele Tyre Services (PTY) LTD is established in 2018 founded by Eric Thaba and Lucky Magatsela. Since establishment, OTR Tyre services, tyre repair, Strip and fit, Tyre supply and Wheel Rims/Mags supply has become our speciality through tyre services activities, we have managed to offer complementary services such as Battery supply.

We are a company committed to exceptional quality and we have made it part of our identity. This is achieved through the dedication of our highly trained and experienced employees who are always motivated.

MANAGEMENT SYSTEMS

Our operational systems are ISO9001:2015 QMS compliant and aiming to get certified by end of 2020. We are also working towards ISO18001 compliance by end of 2021.

VISION

We aim to be the most competitive and most productive organisation in the world, that provide a reliable and quality working at tyre services activities. Our chosen markets will be solely determined by our aims to be the most competitive and most ability to be the most competitive and consistently deliver supreme service to our customers.

MISSION

We strive for excellence through the application of our extensive knowledge in Tyre services techniques. Our professionalism is supported by quality, efficiency, innovation and pride whilst our client is satisfaction guaranteed.

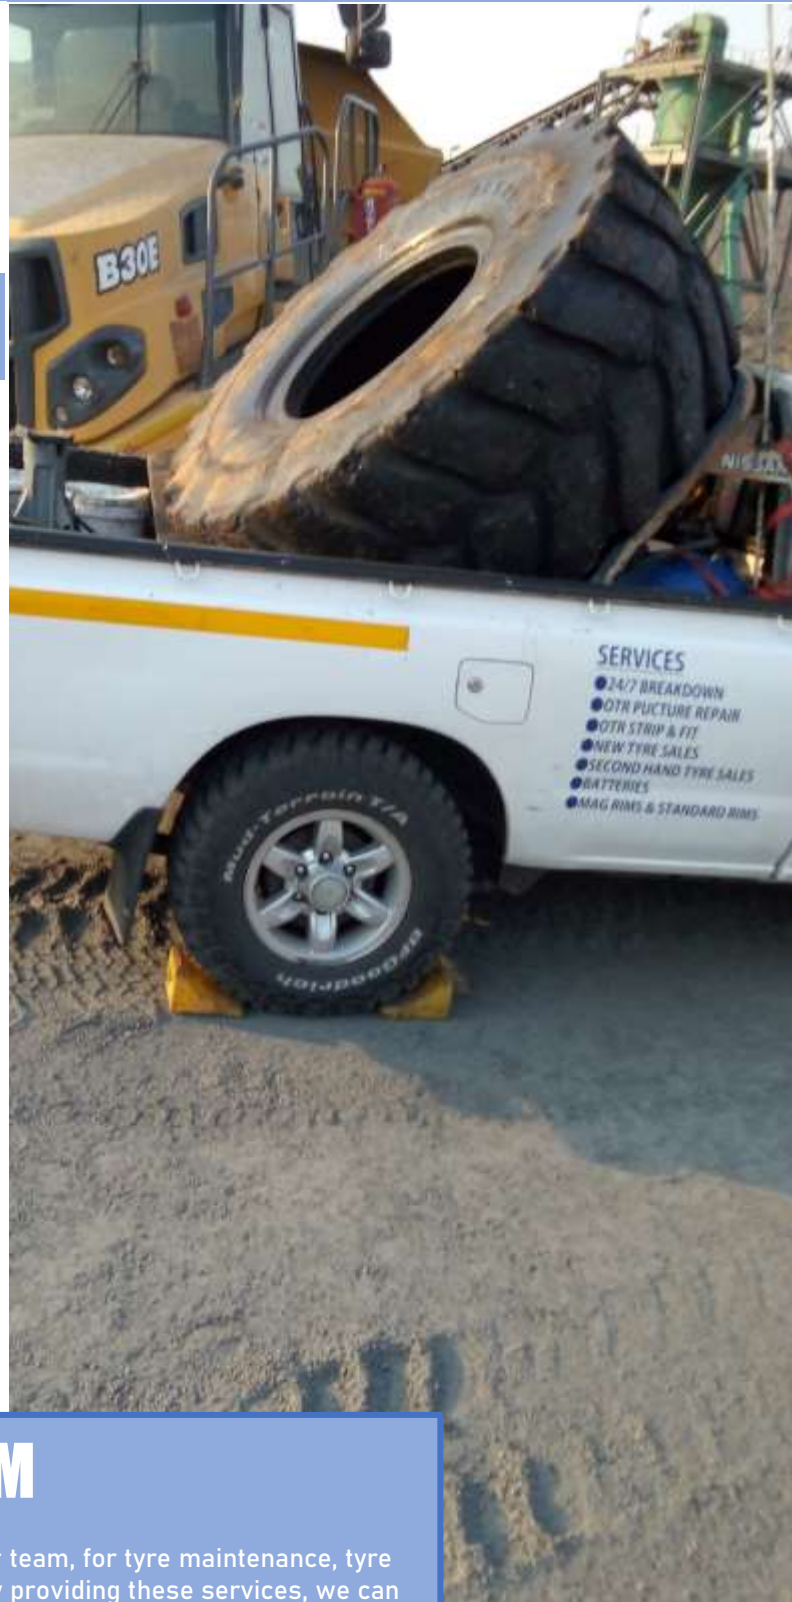

VALUES

The core values that we aspire to and which define our culture are:

SAFETY IS PARAMOUNT

We place the safety policy first of all our site personnel above everything else. Our key focal areas are :

- Identification, assessment and management of HSE risks, Workplace, health and hygiene issues and promotion of fitness for work strategies.
- Compliance with and or exceed the client's commitments and obligations
- Provision of training and development opportunities for our people.
- Provision of a safe workplace and equipment.
- Compliance with, and where appropriate exceeding applicable legal requirements.
- A planned and systematic approach to achieving client and legislative requirements.

OUR AIM

Our aim is to become a valued member of your team, for tyre maintenance, tyre supply, projects, upgrades and breakdowns. By providing these services, we can create a valuable partnership with your operations and maintenance team.

We aim to

- Meet the needs of each customer by offering a transparent, efficient and professional service which it will constantly review to identify areas for improvement.
- Ensure that all its customers are treated fairly and deals with any complaints that arise, promptly, fairly and in line with applicable regulations
- Ensure that the standard of service provided to all of its customers either meets or exceeds the standards required by its Regulator.

Our Socio-economic Responsibility
